

How to stay ahead of the curve with **heat pumps**

You're invited to an in-person event to learn more about the future of residential cold-climate air source heat pumps (ASHPs) in Minnesota.

This free event is sponsored by the Minnesota Air Source Heat Pump Collaborative and the Cities of La Crescent, La Crosse, and Winona.

Tuesday, April 19, 2022

7:30 - 9:00 a.m.

La Crescent Area Event Center

595 Veterans Parkway, La Crescent, MN, 55947

Coffee and refreshments will be served.

This is a **free** event. Visit the event website to register.

Presenters:

Rabi Vandergon, Project Manager

Center for Energy and Environment/ASHP Collaborative

Peter Gephart, Account Manager

Center for Energy and Environment/ASHP Collaborative

Visit ashp-cold-climate.eventbrite.com to register for the event and mnashp.org to learn more about the ASHP Collaborative.

Topics

- What is the potential for ASHPs in Minnesota?
- Do ASHPs work in Minnesota? Highlights from CEE field research
- Beneficial ccASHP applications, savings opportunities, and considerations
- Navigating additional training and resources
- Utility rebates and other financing sources
